| Survival Crafts      | G-FFF, G-F, G-FK, G-GS, G-FYK, G-RB, G-FRB   | GEPA                |
| Release Gear         | G-K  |                     |
| Launching Appliances | LMS, LHS, LGP, RMS, RHS, RHP, RHT, RSP, FHS, GSP, GLP  | GLOBAL DAVIT        |
| Winch                | W  |                     |
| Release Gear         | HRN, HRL   |                     |

- The equipment listed above should be understood as:  
Survival craft: any lifeboat type including but not limited to freefall lifeboat, totally or partially enclosed LB, fitted with or without sprinkler/deluge system, fitted with or without an air cylinder, tender boat, rescue boat, inboard or outboard engines, propeller, or jet drives.  
Launching appliances: any davit type system including but not limited to davit launched life-raft, secondary means of deployment and rescue boat davit.  
Release gear: any hook release gear such as but not limited to onboard/offload, freefall hydraulic, rescue and fast rescue boat release gear.  
Winch: any which types including but not limited to single/twin drum, hydraulic and electric.
- Some equipment might be not clearly identified as unique equipment type/range and might be part of the same skid unit assembly or rebranded under a new parent company name. in such cases when evidence is provided to the attending RO's surveyor, this can be automatically be accepted by the attending surveyor without consulting the BMA.
- When a sub-contractor is acting as an independent company on behalf of a BASP, the attending sub-contractor is to be listed and included in the original BASP certificate of Authorisation.
