1. The equipment listed above should be understood as:
 - a. Lifeboat: Any lifeboat type including but not limited to Freefall lifeboat, totally or partially enclosed LB, fitted with or without sprinkler/deluge system, fitted with or without an air cylinder, tender boat, rescue boat type, fast rescue boat, inboard or outboard engines, propeller or jet drives.
 - b. Davit: Any Davit type including but not limited to davit launched life-raft, secondary means of deployment and Rescue boat Davit.
 - c. Hook: Any Hook release gear such as but not limited to onload/ offload, freefall hydraulic, rescue and fast rescue boat release gears.
 - d. Winch: Any which types including but not limited to Single/Twin drum, hydraulic and electric.
2. Some equipment might be not identified as unique equipment type/range and might be part of the same skid unit assembly or rebranded under a new parent company name. If evidence has been provided to the satisfaction of the attending RO's surveyor, to justify the equipment list deviation from this Annex, this will be considered deemed acceptable by this Administration.
3. When a subcontractor is acting as an independent company on behalf of a BASP, the attending subcontractor shall be listed and included on the original BASP Certificate of Authorisation

1. The equipment listed above should be understood as:
 - a. Lifeboat: Any lifeboat type including but not limited to Freefall lifeboat, totally or partially enclosed LB, fitted with or without sprinkler/deluge system, fitted with or without an air cylinder, tender boat, rescue boat type, fast rescue boat, inboard or outboard engines, propeller or jet drives.
 - b. Davit: Any Davit type including but not limited to davit launched life-raft, secondary means of deployment and Rescue boat Davit.
 - c. Hook: Any Hook release gear such as but not limited to onload/ offload, freefall hydraulic, rescue and fast rescue boat release gears.
 - d. Winch: Any which types including but not limited to Single/Twin drum, hydraulic and electric.
2. Some equipment might be not identified as unique equipment type/range and might be part of the same skid unit assembly or rebranded under a new parent company name. if evidence has been provided to the satisfaction of the attending RO's surveyor, to justify the equipment list deviation from this Annex, this will be considered deemed acceptable by this Administration.
3. When a subcontractor is acting as an independent company on behalf of a BASP, the attending subcontractor shall be listed and included on the original BASP Certificate of Authorisation
